Chapter 1 by Heather Thompson

this story takes place in artamis a planet not so far away, it is full of dragons , elf's, gnomes and other creatures said to be myth. how i know this is because I am a fairy and elf somewhere in my family and maybe a little gnome, but anyways getting off subject, now where should I begin oh yes at the beginning, a long time ago people of artamis lived on earth along side the mortals, but then the mortals started wars with us for no reason, and we were forced to leave our homes, and flee. so we had to move here to artamis, but hey things are not as bad as it would seem were more advanced than that of the mortal realm we have portals to other worlds, and well i'm getting ahead of myself you all do not need to know about the portals or other worlds yet. so back to earlier I said this world is full of mythical creatures well there are some called mythicals and they are the sweet fairytale type creatures everyone thinks mythical creatures to be, there the ones who want to take revenge on the mortals, because of what happened. there is my best friend amber valentine : vampire/werewolf hybrid, her parents were killed in front of her by a mortal, my second best friend valary heart: mermaid/ fairy hybrid, has a bullet from when she was almost killed by a mortal, then there is me artamis air : elf/ fairy/gnome hybrid, princess to artamis well I guess you could say queen now my parents were killed when I was very young. and I created artamis to help those who need help that are mythical creatures to come and we
